How will pedestrians be affected?

- Pedestrian access through the area will be maintained at all times via crossing points at some clearly marked locations.
- There will also be diversions around the main event area and information points for members of the public who wish to be directed around the area.
- Due to the barrier arrangements and crowds, the footways will be busy.
- There will be a restriction to one footway in the area of the Town Hall.

Police Presence

There will be police security presence prior to the event and on the day; there may be occasions where they visit properties or wish to inspect deliveries. We would be grateful for your assistance and cooperation with the police where requested to help us run a safe, secure event in the city.

What do businesses need to do?

Please make your staff aware of the event. Deliveries and waste collection on the day will not be possible so please contact relevant suppliers to make them aware.

Thank you in advance for your assistance in this matter.

Yours sincerely,
